

The 2023 season has been a very positive and eventful season and one I hope everyone involved in the Sunday XI has enjoyed. There have been many impressive and outstanding performances throughout the duration of the season and we hope to continue that form into the 2024 season.

I would like to say a massive thank you to everyone who has made themselves available for any game this year as well as a huge welcome to all of those who made their debuts for the club this year. I would also like to thank all of those who have helped in scoring and umpiring and to those who came up and supported the teams from the pavilion.

Selection and captaincy has been a joint effort this year so further thanks goes to David Malleson, Ishan Tilikaratna, Gary Orton and Dave Brandon who have given their time and efforts into organising and managing the Sunday XI and making sure that we have a game to play.

All in all i have been super proud to be captain of such a fun and inspiring team who play the game in a competitive but friendly manner and i hope this continues into the 2024 season

Sincerely  
Freddie Pearson  
NECC Sunday Captain
